

Hallowell DIGITECH™ H1 Locks

Hallowell DIGITECH™ H1 digital lock is a slimline, small footprint lock with an ultra modern look and feel and is easy to install and simple to operate.

DAY-USE MODE:

User can lock and unlock any available locker door with a user selected 4-digit code.

Upon returning, user enters the 4-digit code to unlock the door. Code is erased and the locker is available for the next user.

PERMANENT MODE:

User enters a pre-programmed 4-digit code to unlock and use locker repeatedly.

Lock does not require a code to re-lock door.

Green indicator ring
